Parent Conference 2012
"Nourishing the Gifted Brain and Heart"

Dear Sir/Madam:

The Hong Kong Academy for Gifted Education (HKAGE) recognises the essential supportive role of parents in nurturing their gifted children. They require adequate information in order to stretch their children's potential.

The 2012 HKAGE Parent Conference with a theme on "Nourishing the Gifted Brain and Heart" is to be held on 3 March 2012 (Saturday). It puts together a rich programme comprising seminars by experts and sharing by practitioners to showcase various learning opportunities and strategies parents could adopt in nourishing their children's cognitive and emotional development.

Further information about the Conference is available on the programme attached. Kindly convey the programme to the Parent Teacher Association of your school; you are welcome to duplicate and distribute it to the parents of your school. The Conference information is also available at: <https://hkage.org.hk/b5/parent/Registration/conference2012App.php>
